

OVATION™ SIDE COLUMN

REPLACEMENT KITS

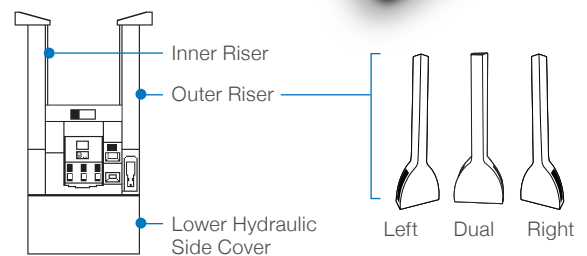

EFFICIENT
ECONOMICAL
ADAPTIVE
DURABLE
EASY INSTALL
IN-STOCK

PPI RISER KITS HAVE YOU COVERED FROM TOP TO BOTTOM.

Whether you need outer or inner risers, lower hydraulic cabinet side covers or a kit to replace them all, PPI delivers Ovation™ side columns that provide unmatched quality and value. Available in all dispenser configurations and both white and silver finishes. The OME equivalent side columns make tired pumps look new and add years to their service life. PPI's replacement riser kits are up to the challenge of working in a demanding environment, with a like new appearance, ensuring compliance to branding requirements.

Durability: Outer risers are molded from impact resilient ABS plastic that is co-extruded with a UV inhibiting coating to resistance UV fade and caulking. Inner risers and lower hydraulic side cabinet covers are cold-rolled steel and fully powder coated inside and out.

Value: Extends the service life and makes dispensers appear as new, all at a great price.

Configurations: Available in all configurations for single and multiple product dispensers.

Flexibility: Available in kits to refresh entire dispenser or as individual parts for spot fixes.

Color Options: Available in white and silver to ensure brand compliance requirements. Other color options available upon request.

Easy Installation: Installs quickly in original holes with simple hand tools, no drilling or cutting required.

Availability: All parts are in-stock and available for fast delivery and efficient installation.
